PROFILE

Enthusiastic Software Engineering undergraduate with proven hands-on experience in full-stack web development. Skilled in building dynamic and scalable applications using Laravel, React.js, Next.js, and MySQL. Experienced in developing responsive user interfaces and implementing robust backend systems that ensure performance and reliability. Passionate about crafting innovative solutions, writing clean and maintainable code, and continuously enhancing technical expertise to deliver high-quality software products.

EDUCATION

2021 – present
BSc (Hons) in Software Engineering
Sabaragamuwa University of Sri Lanka
Current GPA - 3.7783

2019
G.C.E. Advanced Level
H/Debarawewa Central College
Passed with A,B,C in the Physical Science stream

PROFESSIONAL EXPERIENCE

10/2025 – Present	**Apps Technologies - Software Engineer Intern**	Hybrid
05/2025 – 10/2025	**Colombo Stock Exchange - IT Supporter**	Colombo
03/2025 – 09/2025	**IBEXEND - Software Engineer Intern**	Remote

PROJECTS

PHDT (Team Project) – Present

• I am currently contributing as a team member in the PHDT Plantation Project at my workplace, focusing on developing a digital solution to improve plantation management operations.
• My role mainly involves full-stack development tasks, including implementing core functionalities and managing the database.
• Technologies: Laravel, MySQL, Git & GitHub

Assets Management System (Group)

- Developed as a community project for Pambahinna Hospital to digitalize and streamline hospital asset management processes.
- Contributed to front-end, back-end, and database development, ensuring smooth integration and efficient asset tracking.
- Technologies: React.js, Python (Flask), MySQL, Git & GitHub

My-Portfolio Web Application

- Designed and developed a modern personal portfolio website using Next.js, Tailwind CSS, and Framer Motion to highlight my skills, projects, and achievements.
- The website features a clean, responsive design with smooth animations and an intuitive interface, ensuring an engaging user experience across all devices.

VisionPATH Career Guidance Web Application(Group)

- Developed a web application to offer comprehensive career counseling for school leavers, undergraduates, and postgraduates. VisionPATH provides personalized career recommendations, career roadmaps, and resources for users to manage their profiles efficiently, helping them make informed career decisions and achieve their career goals.
- Here I served as front-end developer.

- Technologies: HTML, CSS, JavaScript, Firebase

To-Do Application (Individual)
• Designed and developed a full-featured To-Do Application using the Laravel framework as an individual project.
• Implemented core Laravel functionalities such as authentication, authorization, seeders, migrations, and CRUD operations for efficient task management.
• Ensured proper validation, error handling, and responsive UI for a smooth user experience.
• Technologies: Laravel, MySQL, Bootstrap, Git & GitHub

TECH SKILLS

- php
- Laravel
- Python
- React.js
- JavaScript
- Tailwind.css
- MySQL
- Git
- Github
- next.js
- node

SOFT SKILLS

- Team-working Skills
- Problem-Solving Skills
- Time management
- Leadership
- Self-Learning Ability
- Critical thiking

ACHIEVEMENTS

Hackaholics 5.0 - Inter-University Hackothon - Top 5
Organized by IEEE WIE Student Branch Affinity Group of the University of Colombo School of Computing

Pearlhack 1.0 - Inter-University Hackothon - Finalists
Organized by IEEE WIE Affinity Group of the Sabaragamuwa University of Sri Lanka

Hackaholics 6.0 - Inter University Hackathon - Finalists
Organized by IEEE WIE Student Branch Affinity Group of the University of Colombo School of Computing

LAZARUS 2.0 EIDOS Competition - Finalists
Organized by IEEE Student Branch of SLIIT

PUBLICATIONS

- Abstract Publication, ComURS 2026, Sabaragamuwa University of Sri Lanka
- Abstract Publication, International Conference on Artificial Intelligence in Multidisciplinary Applications 2026, 13 February 2026 | gapHQ

VOLUNTEERING EXPERIENCE

Logistic Team Lead, VisionX- Inter-Faculty Hackathon

Logistic Team Lead, 'Qwhiz' Competition- Inter Faculty Hackathon

Volunteeer- 4th International Conference on Advanced Research in Computing - 2024

Volunteer, Pearl Hack 2.0 - Inter Faculty Hackathon
